

JUDGE FRAZER AND JUDGE TREXLER WIN CITY BY BIG VOTE

Jurists Receive Large Majorities Over Their Opponents for Places on Superior Court Bench.

The vote in this city for Judges of the Supreme and Superior Courts gives substantial majorities to Judge Robert S. Frazer, of Allegheny County, and Judge Frank M. Trexler.

Judge Frazer, who was opposed by Judge George Kunkel for Associate Justice of the Supreme Court, received 102,724 votes, while the vote for Kunkel here was 78,185, giving Judge Frazer a majority of 24,539.

In the fight for Superior Court Judge, Frank M. Trexler, of Allentown, polled 122,823 votes, while his opponent, James E. Clark, who is a strong advocate of State and national prohibition, received 45,733.

The indications are that Judge Trexler's majority of 87,090 is indicative of the vote which he received throughout the State. Judge Frazer, who is president of the Consolidated Court of Allegheny County, was endorsed by all political parties of that section.

REPUBLICANS WIN DELAWARE; MILLER GETS CONGRESS SEAT

Party Will Control Both Houses of Legislature. Democrats Split Own Ranks, Causing Defeat.

WILMINGTON, Del., Nov. 4.—Returns from practically all of the districts in the State indicate that the victory of the Republicans in yesterday's election was more sweeping than at first indicated. Thomas W. Miller, Republican, against whom a hard fight was made within his party, as well as outside, was elected by a plurality of about 1800.

REPUBLICANS GET SENATE. In the Senate the Republicans will have nine members, and the Democrats eight. It had been supposed until this morning that the Democrats had secured control of the lower house of the Legislature.

GENERAL DISSATISFACTION. It was general dissatisfaction which carried the city for the Republicans in Wilmington. In hundreds of instances Democrats voted the Republican ticket. This was due partly to dissatisfaction over the defeat of Thomas M. Monaghan for Governor two years ago and to active opposition of the Democrats to the leadership of United States Senator William Saulsbury.

SHOUT 'DEATH TO CARRANZA'

Mexican Peace Delegates Declare Warrior Is Enemy of Gutterrez. EL PASO, Tex., Nov. 4.—The Aguas Calientes peace conference has declared Venustiano Carranza an enemy to the peace of Mexico and in rebellion against General Eulalio Gutierrez, new Provisional President, according to dispatches received this afternoon.

NO EXTRA SESSION

Possibility of Reassembling Congress Vanishes With Election Returns. WASHINGTON, Nov. 4.—The extra session bugaboo, which many feared would begin before the next regular session of Congress, was believed to be entirely submerged today by assurances that the Democrats would control both Houses of Congress. Despite the losses in the House the Administration still has a working majority.

THE quick return of Cabinet officers to Washington was expected. Many of the Secretaries, including Secretary of State Bryan, Secretary of the Interior Lane and Secretary of the Navy Daniels, who were active in the campaign in all parts of the country, are expected back at their desks within a few days.

PENROSE DISCUSSES MEXICO

President's "Blunders" Need Senators' Special Attention. "The Mexican Administration has made a series of blunders in Mexico," Senator Penrose said today. "I shall proceed to Washington early next week to take up my work, where I left off in order to attend to my campaign. The Mexican situation, especially, needs attention."

THE Senator was kept busy today receiving friends and reading the messages of congratulation piled high on his desk in his office in the Commercial Trust Building. One telegram was received from former Vice President Charles W. Fairbanks.

MAY CLOSE STOCKYARDS

Packers and Government Agents Consider Plan in Chicago. CHICAGO, Nov. 4.—Representatives of the big packing firms went in conference with Federal and State authorities today to consider the possibility of closing the Chicago stockyards tonight.

LEOPOLD-GOODMAN RECITAL. A joint recital under the auspices of the Y. M. C. A. was given last night at Witherspoon Hall by Leopold, pianist, and Bernard Goodman, tenor. This is Mr. Leopold's first American tour, and the impression he made last night was excellent.

Mr. Goodman's work was known to Philadelphia before he went to Italy to travel. In Italy he absorbed a great deal of the operatic tradition of tenors without losing a sense of individuality. Dramatic always in his singing, he seemed a little out of place on the concert stage, and was evidently thinking of himself in costume. One disconcerting feature of his singing in the use of his voice of produced head tones when attempting pathos. It does not seem necessary, and the tendency for such tones to run to pathos was evident, especially since Mr. Goodman's voice is of an excellent robustness, not always pure, but always strong and virile.

CATTLE DISEASE IN CHESTER COUNTY NOW MENACES CITY

Hoof and Mouth Epidemic Rouses City and State Authorities to Action. Hope to Stop Spread.

A serious outbreak of the cattle disease which caused the Federal authorities to quarantine all cattle in the States of Pennsylvania, Ohio, Illinois, Michigan and Indiana has been discovered in Chester County, near West Chester. Philadelphia health authorities took no pains to conceal their anxiety over the gravity of the situation and a corps of men were hurried to West Chester from here this morning.

Inspector C. A. Schaeffer announced that while no traces of the malady have been found in Philadelphia yards, the nearness of such a serious outbreak to the city is the source of much anxiety. He left this morning to take personal charge of an investigation into the live stock of the affected county.

The disease was found to have affected many cattle on several big farms in different sections of the county, and the great fear now is that it may spread to adjoining counties. The hoof and mouth disease, as the malady is known to cattlemen, spreads with great rapidity once it gets started. Drastring measures will be employed to prevent the movement of any animals whatever in Chester County.

The quarantine was lessened somewhat in Philadelphia this morning, when Inspector Schaeffer issued orders that cattle in this city may be moved, within the limits, for immediate slaughter. Cattle coming from free States may also be shipped from Philadelphia. They are to arrive in sealed cars, and watered and fed in segregated pens, cleaned and disinfected and shipped away as soon as possible.

State and Federal authorities are co-operating. There will be a special meeting of the State Livestock Sanitary Board in Harrisburg this morning to reach an agreement as to the reimbursement of cattlemen for stock destroyed to prevent a spread of the malady. This will occasion the outlay of a large sum of money, but will take considerable time before Pennsylvania is cleared of the dreaded disease.

All meat being shipped from Philadelphia now must pass a close scrutiny by the Federal inspectors. Should the quarantine continue for a long period, shippers are of the opinion that the country will suffer greatly because of a scarcity of meat. The only hope of making up the deficit would be a large supply of Argentine beef. The

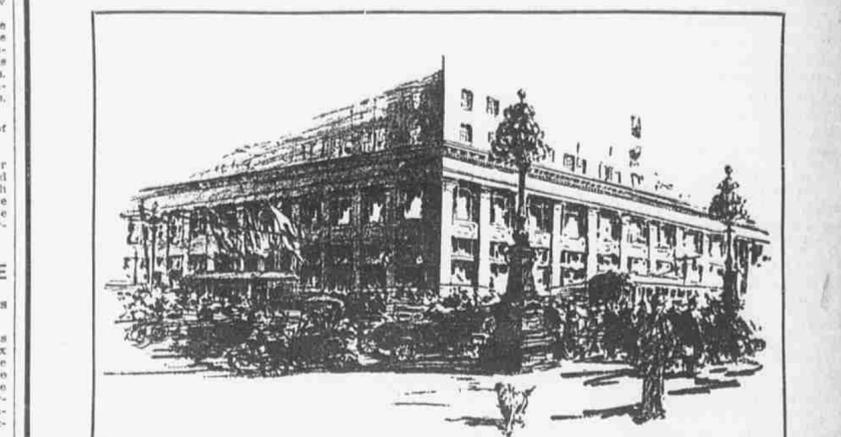

PAISH SEES TRADE REVIVAL

Many Things Will Bring About a Betterment in Conditions, He Says. OTTAWA, Nov. 4.—Sir George Paish, counselor of the British Treasury, in a statement says that he sees prospects of a considerable revival of trade next year. Among other things he points to the promise that the embarrassment in connection with the United States cotton crop will be removed.

Other things which will help to bring about a betterment in conditions, Sir George says, are the attitude of the British Government in promising to finance bills of exchange until the close of the war, the improvement of the financial situation in the United States and the fact that Federal Reserve banks will shortly be in operation.

Concern Has \$9,000,000 Debts

NEW YORK, Nov. 4.—A voluntary petition in bankruptcy was filed here today in the United States District Court by the San Antonio Land and Irrigation Company Ltd., of Toronto, Canada. The liabilities are listed at \$9,000,000, of which \$7,000,000 are secured claims. The assets amount to \$70,754 and an undetermined equity in a tract of land in Texas.

ANY pianist or musician must admit the wonderful virtuosity of the ANGELUS. As a means of artistic interpretation, it is, in my opinion, absolutely unique. The ANGELUS, with its wonderful devices for phrasing and emphasizing notes, should be welcomed by all true musicians.

---Statement by Edwin H. Lemar, official organist Panama-Pacific International Exposition.

Mr. Lemar's praise of the Angelus is a fitting recognition of the unapproachable qualities that have made

THE ANGELUS

the only player capable of producing every possible musical effect.

Those most competent to judge are the most profuse in their praise of the artistic possibilities of the ANGELUS:

Josef Hofmann and Eugene D'Albert---master pianists; Kocian and Kreisler---master violinists; Sembrich and DeReszke---master vocalists; Mascagni---master composer; Pavlowa and Lopoukova---premier danseuses; all who know music in its various forms and manifestations are of one mind as to the supremacy of the ANGELUS.

The Angelus is built into five of the world's most famous pianos, and so we have the

Schomacker-Angelus
Emerson-Angelus
Lindeman-Angelus
and the celebrated Knabe-Angelus

It is only at Wanamaker's in Philadelphia that you can buy any of these superb instruments.

CHILDREN'S CORNER BEFORE THE SANDMAN COMES

AFTER the saucy blackbird flew away and left Jimmy alone in a strange new place, he left very lonesome and forlorn. "I stopped here as much for him as for myself," said Jimmy to himself, "and I don't think it's one bit nice for him to go off and leave me just because I'm lost and in trouble." And he sat down on a tree top where he could feel grieved in perfect comfort.

And then he began to think, "What a foolish fellow I am," he said to himself, "I don't like that blackbird at all, why should I poke around and feel mournful because he has gone and left me?"

He had a good laugh at his own folly and then he felt better. There's nothing like a laugh after all," he exclaimed. And then he remembered he was lost! "Oh, well, I'm not going to worry about it," he declared, "if I'm lost, I guess I'm lost; that's all there is to it. I'll just have to find my way to my mother or else stay lost—there's no use fussing about it."

He looked around to see what kind of a place he was lost in. He found himself in a beautiful little bower of trees and flowers by the side of a small lake. Long branches of the trees hung across the edge of the little lake and swung their green leaves over the clear water. The most tropical flowers bloomed around the edge of the lake and thrust their red and yellow and purple blossoms up above the green plants. Beautiful birds of all gay colors flew through the trees and sang sweet songs.

trip South and getting lost and everything. "Pooh," said the parrot when Jimmy had finished, "I wouldn't mind a bit about getting lost, you'll get found again, never fear. I know your mother well and she often comes around here to see me. You stay here and play with me awhile and she'll come by, some day, and you can jump out and surprise her."

That idea pleased Jimmy very much, for he liked the parrot in spite of his vanity. "All right," he said happily, "that's exactly what I'll do. Thank you for suggesting it."

So he and the gorgeous red and green parrot became fast friends and Jimmy stayed and explored around his new home for many a happy day. Tomorrow—The Gold Fish Queen. Copyright, 1914, Clara Ingram Judson.

Hup Winter Tops a Hit "Business is exceptionally good for this season," said Mr. G. G. Browne, local Hupmobile dealer, yesterday. "For one thing, the extraordinary value of the new Hup is apparent at a glance. That makes sales. "Another big factor is the detachable sedan top for the touring car and the coupe top for the roadster. "Instead of building permanent closed cars this year, the Hupmobile factory designed these detachable tops—giving the new Hup owner what amounts to two cars at practically the price of one. "These tops are well built, beautifully finished inside and perfectly weather-tight. "They are going to keep more Hups in commission all winter than any other one thing possibly could. "Almost every buyer of a new Hup orders one of these tops along with it. That's a sure sign that they are what the people want."
